**Important things to note:**

**Always check with your local council on requirements before purchasing**

**If in Auckland you also need to confirm requirements with Auckland Transport**

**If you have a landlord, local Business association or Body corporate you will need to check with them**

**You should also ensure that an underground services survey is completed if going in concrete or asphalt**

**Disclaimer:**

**The above is provided for information purposes only. ShopCare does not promote or recommend any of these organisations.**
